You have an art for saying nothing. I get it. Here's how this works.. since you're ignoring me I will have to get a lawyer to put it into words and maybe that will make you wake up. I've been ignored and pushed around for too long. You are not worth any of this! If anything, I've learned just how cold and callous you are. You don't give a fuck! And now I don't! I just want to be untangled from you.
